App Dev SIG

March 10, 2020

```c
#include <stdio.h>

/* App Dev SIG: March 10, 2020 */
int main(int argc, char **argv) {
    job_announcements();
    annual_survey();
    presentation(&cas, "Travis Schmidt");
}
```

```c
#define SURVEY_AGE 5
#define SURVEY_OFFSET 2016

// Do this the long way to confuse people.
int *survey_years = void;
survey_years = (int *)malloc(sizeof(int) * SURVEY_AGE);
memset(survey_years, 0, sizeof(int) * SURVEY_AGE);

for(int i = 0; i < 5; i++) {
    int adjusted_year = i + SURVEY_OFFSET;

    if(adjusted_year == 2019) {
        fprintf(stderr, "Survey not found.");
    } else {
        printf("What great insights!");
    }
}
```

```c
int applause_for(void *);

applause_for((void *)&travis);
```
